## **Approved Paint Palette Guidelines**

The pre-approved paint schemes are provided to homeowners for a faster and more convenient method of processing their ARC application.

CRCA management can immediately approve ARC applications which are submitted using colors from the pre-approved paint palette; applicants do not have to wait for the Committee meeting to obtain approval.

The Paint Palette sample books are available for checkout at the CRCA office. Due to the difficulty of replacing these sample books, a \$100 check deposit must be left at the office and the book must be returned the following business day by 6 P.M. The deposit will be returned to the homeowner provided the book is returned on time and in the same condition that it was when it left the office; no exceptions unless approved by the Board of Directors.

Dunn Edwards may offer CRCA owners a discount; however, the discount is offered by and honored at the discretion of Dunn Edwards. CRCA has no formal agreement with or affiliation with Dunn Edwards.

Homeowners are not required to use Dunn Edwards Paint; any brand of paint is acceptable. The Dunn Edwards color codes from the pre-approved color list can be matched them with any brand of choice.

Trim colors are not required, however they are suggested. Owners may substitute trim for body colors and vice-versa; combining and mixing between different color schemes is allowed.

Homeowners are not restricted to the colors on the pre-approved paint palette; homeowners may submit an ARC application using any colors they wish; however, alternate colors must be submitted to the Architectural Review Committee for approval at their next scheduled committee meeting.

Any homes that are repainted their same color(s) do not require an ARC application.

Color names and numbers are available on the CRCA website and actual color samples may be found on the Dunn Edwards website. The CRCA Account at Dunn Edwards is #264544-000. [Click here to view the colors at the Dunn Edwards website.](#)
