THERMOPLASTIC STRIPING ON SILVERBELL ROAD

The Town of Marana and Granite Construction are in the final stages of the Silverbell Road, Ina Road to Cortaro Road, roadway improvement project. Please be aware of the following traffic changes and restrictions:

- During the week of Feb. 16, construction crews will be installing thermoplastic striping on Silverbell Road, between Cortaro Road and Ina Road. Please be aware of rolling traffic shifts and restrictions. Police officers will be in area directing traffic. Work is scheduled to begin Feb. 17, however, weather conditions may delay work by a few days.

Expect delays, proceed with caution, obey the posted speed limit signs and be alert for construction equipment and personnel. The Town of Marana thanks you in advance for your patience as we work to improve this roadway.

** In the event of mechanical failure or inclement weather, the above construction schedule is subject to change.*
